The Golf Tournament!

Lila and Preslee

The golf tournament was on September 16th, and was a huge success. We raised \$17,000 and lots of people participated. Congratulations to Dez Gomez, Kyle Gomez, Joe Staub, and Jake Larson for getting first place in the tournament! And also, a huge thanks to our many sponsors Great job Lourdes community, Go Lancers!

Preschool Fun By Samara

In the beginning of the year, preschool is really focusing on writing their name and games that they like to play on the playground, such as Spider Man, Tag, Hide & Seek, Selling Ice Cream, and Family. We also congratulate the Llamas lead teacher, Mrs. Phillips for giving birth to a beautiful baby girl, Elliot.

Mass Buddies

By Abby and Brisa

The Kindergarteners' first year at mass and they got their 8th grade buddies for the first time! The Kindergarteners have had very successful masses so far and the 8th graders are continuing to guide them in their faith. Keep it up kindergarten!

Mystery Science

By Sariel

During the day, the 1st graders all look forward to one activit, Mystery Science! They love it because they get to learn and do cool activities with it. This is one of the reasons Mrs. Dean loves to teach 1st graders and the 1st graders love to play!

Birthday!

By Natalia

September 18 was a special day, because it was Mrs. Dickson's birthday! Happy Birthday Mrs. Dickson! We hope you had a wonderful birthday and thank you for being such an amazing 2nd grade!

Building Bridges

By Carissa & Kameryn

3rd grade is building bridges! Not only are they building new friendships, but they are also experimenting with paper bridges and weights.

In this group activity, they learned about the Golden Gate Bridge and then began construction on their own paper replicas.

They worked on three different kinds:

Suspension, Arch, and Pillar. Lastly, they tested the strength of their bridges by putting as many blocks as they could on top of them. The strongest bridge held 246 blocks total!

Volcano Science

By Monica

The 4th graders are having the most fun learning in Science. They are currently learning about volcanoes and they even have a telescope in their classroom! In Language Arts, they are learning about prefixes and practicing their spelling skills.

See photo 9 on page 4

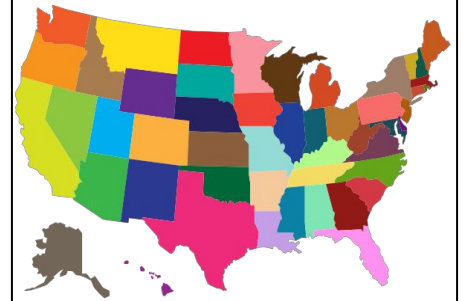

Map Project

By Earl

5th grade this month had a project about creating a map on a country. They had to list 5 city's, 5 geographical locations on a map, and present it to the class.. 5th grade seemed to like this project a lot and had a lot of fun!

See photo 12 on page 4

Projects

By Samantha

The 6th graders are working on their Saints Projects and Literary Terms. They are really enjoying middle school so far and like transitioning to different classes. The 6th graders love having Mrs. Odin as their homeroom teacher. They have been saying how middle school is harder than they thought. Overall many of the students are really enjoying middle school and saying it's going pretty well.

Salsa Lab

By Steven

At the beginning of every school year the new seventh graders' first science lab is Salsa Lab. What is Salsa Lab? Here are some seventh grade responses: "Salsa Lab is a scientific experiment about salsa.

Taking salsa and testing it in different ways.

A scientific experiment about salsa." Salsa Lab is not done to teach seventh graders about salsa, but is done to help teach them how to write a scientific lab.

Seton Enrollment

By Philip

Since a good majority of 8 Graders currently want to attend Seton, it would be extremely important though individuals take grades and behavior seriously. Since Seton is low on room right now, they will most likely only accept 65-75 applicants considering the current growth patterns. Seton had an open house on October 15, so those wishing to attend in the future went to that.

Saintly Advice

St. Teresa of Avila, whose feast day is October 14th said, "You pay God a compliment by asking great things of Him."

Sports Recognition By Rachel, Jordan, Sophia, and Orren

The 5th/6th grade girls volleyball team won their game against St. John the Apostle. They lost the first set but then won the second and third, winning them the match. **Emily(5th)** scored the game winning point! The 7th/8th grade girls volleyball team won both sets against FMES. **Abby(8th)** served for 15 points to win the first set. On September 30, the 5th/6th graders lost against St.Joes. We believe in you! The 7th/8th graders also lost their match against St.Pius X. Go Lancers, you'll win next week! Two weekends ago, the 5th/6th grade team won against St.Ignatius in the first two sets! They had great serves from **Audrey(6th)**, **Catherine(6th)**, and **Violet(6th)**.The 7th/8th won the first set, but lost second to St. Anthony. They fought hard in third set and pulled out the win, thanks to the serves of **Preslee(8th)** and **Lauren(7th)**, and the hit from **Rachel(8th)**. Nice comeback Lancers!

5th/6th Upcoming Matches

-10/21 at 11:30am @ and vs. St. Anthony
-10/28 at 3:15pm @ Seton HS vs. St. John
-11/4 at 9:00am @ and vs. Holy Cross
-11/11 at 3:15pm @ Seton HS vs. Holy Trinity

7th/8th Upcoming Matches

-10/21 at 11:30am @ Visitation vs. Fighting Dutch
-10/28 at 2pm @ Seton HS vs. Valley Catholic
-11/4 at 11:30am @ Holy Trinity vs. St.Cecilia
-11/11 at 2pm @ Seton vs. FMES

Cross Country News

The boys cross country team got 2nd place at the CYO Meet of Champions! The two runners on the girls' team represented OLL strongly! Congratulations!

CYO swim has already started! Meet schedules will be out soon. To learn more go to:
